Do you have any idea how important you are?

The First Amendment is an IT Document

The Lambchop Machine

Intellectual Property

Copyright

Patent

Trademark

Trade Secret

Software Patents?

Other People's Code?

Licenses and the GPL

The impossibility of reading it all...

Privacy - Theoretical

Tech Protection: Encryption

Legal Protection: “Right to Privacy” (sorta)
(1st, 4th 5th amendment, et al)

Privacy – What happened?

Incremental steps, all legal, until today

What can we do?

- Follow the rules (?) yeah, sure.
- Freedombox?
- Seriously, stay alert, we need you to save the world.
